ABOUT US

For almost a century, DeBragga has offered the finest selection of meats, poultry, lamb, veal and provisions to New York's best restaurants. After moving out of the Meatpacking District, DeBragga has now planted its roots in Jersey City, NJ. We continue to focus our efforts on sourcing naturally raised animals, heritage breeds and seasonal programs.

Due to our excellent location, we are able to deliver throughout the Tristate area almost every day of the week.

DEBRAGGA

New York's Butcher®

DELIVERY SCHEDULE

	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Manhattan & Brooklyn	●	●	●	●	●	●
Westchester	●	●	●	●	●	
Connecticut	●	●	●	●	●	
New Jersey	●	●	●	●	●	
Long Island		●		●		
Princeton and Philadelphia	●		●		●	

We have a strict 12AM cut off time for next morning deliveries.
Any cut steak orders for Saturday delivery must be placed by 9am Friday.
 We export to Bermuda, the Bahamas and the Caribbean as well!

New York's Butcher®

DRY AGED BEEF

Great dry aged beef is one of DeBragga and Spitler's trademarks. While all our beef is aged, dry aged beef has a distinctive, nutty, concentrated flavor. As the beef matures in our dry aging rooms, moisture is drawn from the meat while enzymes tenderize the meat naturally.

We carefully tag every piece of meat that goes into our aging room with a color coded tag that states who the producer was, what the muscle is, the USDA Grade, the slaughter date of the animal, the day it went on the dry aging shelf and the starting weight of the muscle. All of this information on each piece of meat allows us to truly track the progress of the meat.

CERTIFIED ANGUS BEEF®

DeBragga and Spitzer was chosen as the first licensed Certified Angus Beef (CAB) distributor in America. Our CAB Program consistently guarantees the highest quality beef available in the market. Only 8% of USDA Angus cattle qualifies for the CAB program. Each carcass has to reach 10 quality specifications to earn the CAB seal.

DEBRAGGA

New York's Butcher®

Marbling - The key to flavor

1. Modest or Higher Marbling
2. Medium or fine marbling texture

Maturity

3. "A" maturity for each, lean and skeletal characteristics-cattle harvested younger than 30 months old

Consistent sizing ensures thicker steaks and consistent plate presentation for each customer

4. 10- to 16sq inch ribeye area
5. Less than 1,000 pound hot carcass weight
6. Less than 1-inch fat thickness

Quality Appearance and Tenderness

7. Superior muscling restricts influence of dairy cattle
8. Practically free of capillary rupture ensures quality appearance
9. No dark cutters ensures consistent appearance and flavor
10. No neck hump exceeding 2 inches safeguards against Brahman cattle-influence which have more variation in tenderness

GRASS FED BEEF, NY STATE

DeBragga's Grassfed/Grassfinished Beef is sourced from English breed cattle (Angus, Hereford, Shorthorn), raised exclusively on the unique, lush pastureland of upstate New York's Finger Lakes and Catskills.

All of the cattle are naturally and humanely raised free of antibiotics and added hormones!

WAGYU BEEF

We are proud to offer a most complete line of Wagyu Beef from Japan, Australia and America. In keeping with our philosophy that less is more, all of our Wagyu is “NEVER-EVER” given antibiotics, growth hormones or fed Animal by-products.

THE MARBLE SCORE CHART

MIYAZAKI-GYU JAPANESE WAGYU BEEF

Miyazaki Wagyu Beef is regarded as the finest of Japanese cows. Miyazaki prefecture is the only region in Japan that raises cattle by their breeds and biological types.

SHER RANCH AUSTRALIAN WAGYU

Sher Wagyu is Australia's premium producer of Wagyu beef. Farmers Nick and Vicki Sher cross their Wagyu bulls with Holstein heifers for extraordinary marbling results which are scored on the Japanese system of 1-12. All of their cattle are raised humanely without the use of antibiotics or growth hormones.

Sher Wagyu finishes their cattle for 400 days on natural diet of grass, grain and barley.

IMPERIAL FARMS AMERICAN WAGYU

Imperial Farms Wagyu beef is a group of America’s finest Wagyu producers. They cross breed their Wagyu bulls with Angus heifers to create intense marbling with a full beef flavor. Imperial Wagyu cattle are fed an all vegetarian diet, and are NEVER-EVER given antibiotics or growth hormones. The cattle are slowly fed for over 400 days to produce highly marbled, velvety textured Wagyu beef. Imperial Wagyu uses the Japanese Marble Score chart to grade their carcasses.

LABEL ROUGE HERITAGE BREED CHICKEN, POUSSIN, GUINEA HENS AND PHEASANTS

The Label Rouge program from Joyce Farms in North Carolina is a slow growing heritage breed chicken from France. These birds are raised naturally and humanely without the use of antibiotics or growth hormones and air chilled.

Normal commodity breeds are harvested at the age of 6 weeks old; Poulet Rouge Chickens are harvested at 12 weeks. The birds, also known as Naked Necks, have a distinct taste, a thin, translucent skin, and elongated breasts with darker leg meat.

It tastes like chicken used to taste!
